WELCOME ADDRESS

Dear Attendees,

The Neonatology 2023 Organizing Committee is absolutely delighted to welcome you to the **37th International Conference on Neonatology and Perinatology** which will be held in **Paris, France** on **August 07–08, 2023**, where we will be shining a spotlight on *“Challenges and Advancements in Neonatology and Perinatology”*.

We are looking forward to providing you with a superb environment in which to present, discuss and advance your Neonatology and Perinatology Pediatric Cardiology, Pediatric Nursing, Pediatric Infectious Diseases, Pediatric Nutrition, Pediatric Surgery. The world class scientific programme will consolidate existing knowledge while at the same time increase your awareness of leading edge and forward looking advances in the field.

The congress is to be held in one of the world’s most important global cities Amsterdam is the Netherlands’ capital, known for its artistic heritage, elaborate canal system and narrow houses with gabled facades, legacies of the city’s 17th-century Golden Age. Its Museum District houses the Van Gogh Museum, works by Rembrandt and Vermeer at the Rijksmuseum, and modern art at the Stedelijk. Cycling is key to the city’s character, and there are numerous bike paths.

We look forward to seeing/welcoming you in 2022 for an experience of a lifetime.

With Regards

ABOUT PARIS

Paris is unarguably one of the most beautiful cities in the world, the capital of France, of art and of fashion. People were living on the site of the present-day city, located along the Seine River some 233 miles (375 km) upstream from the river's mouth on the English Channel (La Manche), by about 7600 BCE. The modern city has spread from the island (the Île de la Cité) and far beyond both banks of the Seine.

For centuries Paris has been one of the world's most important and attractive cities. It is appreciated for the opportunities it offers for business and commerce, for study, for culture, and for entertainment; its gastronomy, haute couture, painting, literature, and intellectual community especially enjoy an enviable reputation. Its sobriquet "the City of Light" ("la Ville Lumière"), earned during the Enlightenment, remains appropriate, for Paris has retained its importance as a centre for education and intellectual pursuits.

Paris is one of the most beautiful cities in the world. It is known worldwide for the Louvre Museum, Notre-Dame cathedral, and the Eiffel tower. It has a reputation of being a romantic and cultural city. The city is also known for its high-quality gastronomy and the terraces of its cafés.
