WELCOME TO THE PTRM 2020
& TO DUBAI

Dear Colleagues,

Welcome to the **PTRM 2020** and to **Dubai**.

Are you equipped to take advantage of the latest innovations? How will you make sure your patients are benefiting from these advances? How will the profession adapt? Come along to **PTRM 2020** and challenge yourself to find out.

PTRM 2020 will explore the latest clinical research and its impacts in practice. Join your peers and take the next steps toward advancing physiotherapy.

The attendees at **PTRM 2020** will have a chance to reconnect with old friends and colleagues, and gain new skills, knowledge and innovative ideas, we can tell you it will be an unforgettable experience. We hope you'll be inspired to expand your knowledge and build new connections.

The Conference Committee has created an excellent programme, which offers a range of engaging and thought-provoking issues related to physical therapy and rehabilitation. Whether you're a student at the start of your career or a more established clinician, manager, educator, researcher or policy maker, you'll find plenty to inform, educate, and entertain you during the conference.

The programme celebrates and showcases our physiotherapy profession and its achievements in patient care, service delivery, clinical and evidence base. We know how much conference delegates value networking opportunities and the programme offers more networking sessions.

Dubai is the venue of the conference which is a global business hub and ideal to visit in February, offering a kaleidoscope of attractions such as Burj Khalifa, the tallest building in the world and the center piece of Downtown Dubai; the Dubai Mall, the world's most visited and largest shopping and entertainment destination; Atlantis, the Palm which houses the aqua venture water park and the lost chamber aquarium, among many others.

Thank you in advance for your part in making this year's conference fun, fulfilling, and unforgettable. We hope you will be inspired.

WHY ATTEND PTRM 2020?

Why should I attend the PTRM 2020 Conference?

- Be part of the physiotherapy profession's international congress – where the world of physical therapy meets.
- Learn from global experts and leaders in physical therapy and rehabilitation field as they share the latest research and findings.
- Listen to international perspectives on the physical therapy profession's hot topics – reflecting low to high resource experiences.
- Discover innovative ways of thinking and the latest research to reform your practice – the delegates gaining new knowledge will be a key benefit of attending this prestigious conference.
- Make new contacts – Networking will be one of the main benefits of attending.
- Connect with colleagues globally through social media networks: #PTRM
- Hear about developments across all areas of specialism – your own and others.
- Explore the latest innovations and services at this Conference.
- Take the opportunity to visit Dubai, the ultramodern city.

Determine the return on investment to yourself and your employers and funders

- Make the most out of attending PTRM 2020, and give you and your funding supporters a return on the investment:
- Connect your professional development and the goals of your organization to the learning prospects at the PTRM 2020.
- Lay emphasis on how your entire organization will benefit from your attendance.

As PTRM 2020, we are looking forward with great enthusiasm and interest to meeting each and every one of you and working with you during this conference period. The location is special, Dubai, UAE. We hope you will join us in Dubai in February 2020.

Good Reasons To Submit Your Abstract

Global Networking

Discuss your findings with other experts from around the world.

Continuing Professional Development

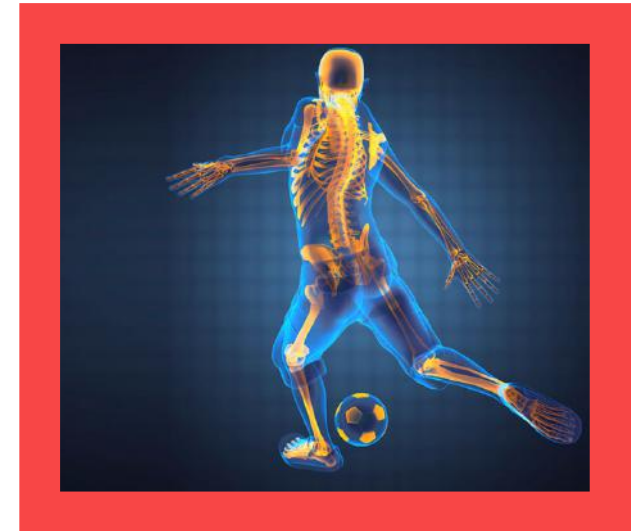

Continuing Professional Development is an extremely important for all in the health care field. As a health care professional you should be keeping up with the major changes happening in the health industry every day. The world of health care is growing extremely fast and will continue to grow over time, making it clear why it's so important to continue your professional development.

With the technology advancing in such little time now, it's essential for everyone in the health care field to stay on top of the game. Not only is it beneficial to you to continue your education, but to your patients as well. Continuing your health care education & professional development allows you to provide the best care possible while having access to the latest preventative, diagnostic and treatment methods.

Conferences are one of the most effective forms of learning something today that you can immediately implement to improve your practice the first day back to your office. **World Congress on Physical Therapy and Rehabilitation Medicine** provide the chance to listen to leading experts share the latest best practices, participate in hands-on workshop sessions, panel discussions, and view the latest technologies.

Staying at your current level without new learning is simply not an option any longer. With advanced technologies in patient safety, improvements in health care technology and its application for every day clinical care, physiotherapists who fail to keep pace may mean you're actually falling behind in the quality of care you provide

If you're a physiotherapist or interested in improving your practice, there's no better place to get all the support and knowledge you'll need than at **World Congress on Physical Therapy and Rehabilitation Medicine** in **Dubai, UAE** during **February 2020**.

Networking at PTRM 2020

Welcome to **World Congress on Physical Therapy and Rehabilitation Medicine (PTRM 2020)** schedule during **February 22-23, 2020** at **Dubai, UAE**. The theme of the congress is “**Insights of Physical Therapy and Rehabilitation Medicine**” which aim to uncover the issues associated with Physical Therapy and Rehabilitation Medicine and to update the attendees with the latest techniques, technologies and research going in different geographical location of the world.

Network! **PTRM 2020** offer the opportunity for you to mix and mingle, form new relationships and strengthen existing ones.

Meet experts and influencers face-to-face: **PTRM 2020** offer the opportunity to meet global health care leaders who are expected to share their noble insights at the conference.

Learn in a new space: Unleash the insights of global physical therapy and health care industry.

Recognition: **PTRM 2020** is a great place to get recognition for your own ideas.

Sharpen your skills: Learn new ideas and approaches to make you more effective and efficient at work.

Absorb the energy of like-minded individuals: There’s nothing like being in a room of like-minded people – other people who are willing to take time away from the office to learn something new. Other people who want to “better” themselves.

Break out of your comfort zone: Breaking out of your comfort zone is just the type of action that is necessary to break out of old ways of thinking.

Get access to workshops: Workshops offer even more learning opportunities that connect attendees in an intimate learning environment.

Have fun! Participating at **PTRM 2020** will add a layer of enjoyment to managing your career growth by mixing a social aspect into your learning and industry branding efforts.

Invest in yourself: A day out of the office to sharpen your skills, is investing in yourself. It is admitting that you are worth it, that you still have things to learn and that you can get better. It is an investment in yourself, your career and your growth.

The UAE's health care market is also boosted by the medical tourists, of which Dubai is aiming to have more than 20 million by 2020, according to UAEinteract

Dubai is the global business hub which attracts the investors from across the globe

Dubai is the 4th most visited city in the world and attracts tourists from across the globe.

WHY DUBAI?

Dubai is a global city and business hub of the Middle East. Dubai has attracted world attention through large construction projects and sports events, in particular the world's tallest building, the Burj Khalifa. As of 2012, Dubai was the most expensive city in the Middle East. In 2014, Dubai's hotel rooms were rated as the second most expensive in the world.

Dubai has been called the "shopping capital of the Middle East". Dubai alone has more than 70 shopping centers, including the world's largest shopping center, Dubai Mall.

The positive trends in UAE's healthcare market can primarily be attributed to the increasing coverage of healthcare insurance and government initiatives to improve healthcare facilities.
