

BAPS 2020

3rd world summit on

# BIOTECHNOLOGY AND PLANT SCIENCE

April 29-30, 2020 | Paris, France

<https://larixconferences.com/biotechnology/>

## About **BAPS 2020**

BAPS 2020 conference will address current techniques and discoveries, identifies key challenges and proposes effective solutions in all the fields related to Biotechnology and Plant Science. The program is composed of keynote lectures, oral and poster presentations, workshops and interactive sessions which uplifts research and knowledge in biotechnology, Plant Science and Create opportunities for further advancement.

Program Manager

**Akira Williams**

plantscience@biotechnologyconferences.org

## Abstract **Submission Topics**

- Biotechnology
- Stem Cell Biotechnology and Regenerative Medicine
- Industrial and Microbial Biotechnology
- Nano Biotechnology
- Agricultural and Forest Biotechnology
- Food and Feed Biotechnology
- Marine and Aquaculture Biotechnology
- Animal Biotechnology
- Genetics and Molecular biotechnology
- Environmental Biotechnology
- Enzyme and Protein Engineering
- Bioinformatics & Computational Biology
- Pharmaceutical Biotechnology and Drug Design
- Biomedical Engineering & Applications
- Soil Fertility And Soil Regeneration
- Biofuels & Bioenergy
- Bioremediation and Biodegradation
- Medical Biotechnology
- Biomaterials
- Applications of Biotechnology in Waste Management
- Biosensors
- Biosimilars
- Bio-Safety and Bioethics

Abstract submission opens: **September 30, 2019**

Registration opens: **September 30, 2019**

Deadlines for Abstracts: **April 01, 2020**

Deadlines for Registrations: **April 05, 2020**

# Call for Abstracts

The BAPS 2020 invites abstracts related to the new scientific research in all the fields of Biotechnology and Plant Science, New Concepts in Biotechnology and its methods, its related aspects. Registrants are invited to submit an abstract for consideration for oral, poster presentation and 3 Minute Thesis. In general we encourage more specific to the current research fields representing innovation and recent technologies. Abstracts received will be reviewed by scientific committee from aspirants and categorized as speaker talks and poster presentations.

## Why to join ?

- Meet Experts & Influencer Face to Face
- Networking Opportunities
- Learning In a New Space
- New Technologies
- Greater Focus
- Have Energy of Like-Minded Individuals
- Investing on Yourself & finally have Fun!

## Entrepreneur conclave

The conclave intends to encourage entrepreneurs and provide opportunity to showcase and connect with global scientific community and industry.

## Round table Discussion

The right conference can be a game changer for your research and professional career. More importantly, the Round table conversation brings the experts networking and create the goldmine of opportunities.

## Workshop/ Interactive Sessions

Workshop sessions involve extensive interaction between presenters and participants around an idea or hands-on experience of a practice. These sessions may also take the form of a crafted panel, staged conversation, dialogue or debate – all involving substantial interaction with the audience.

## Develop Networking with.....

- Industry leaders
- Product scientists
- Development managers
- C-level executive
- Academicians

## Unique Services

- University Promotions
- Organizational collaboration
- Recruitment Drives
- Technical Trainings
- Technical Workshops at your Universities
- Career development sessions
- Post Conference Networking
- Scientific Success sessions
- Exhibitor Talk / Sponsor Talk
- Themed Paper Presentations
- Focused Discussions
- One-Day Registration
- Business meetings / one to one meetings
- Webinars
- Customised Conferences

## Associated Journals

**Asian Journal of Molecular Biology** is an international peer reviewed, quarterly, open access Journal, dedicated to cutting edge research of interdisciplinary Biomolecular Sciences. The Journal directed towards exploring all key areas of basic and modern Molecular Biology and state of art innovative techniques across Molecular Biology. AJMB aims to highlight analytical and experimental methods and techniques, rapid developments, new discoveries, theoretical mechanisms and practical applications in biology and medicine through its scholarly publications and write ups of all types like research articles, review, case reports, case study, commentary, letter to editor, mini review, opinion, short communication, book review, editorials etc.

The **Asian Journal of Molecular Biology** encourages submissions on broad range disciplines spanning diverse molecular biological interests with strong emphasis on biomedical research: Biochemistry, Cell and Molecular Biology, Structural Biology, Genes and Genetic Engineering, Developmental Biology, Biophysics, Bioinformatics, Tumor Biology, Microbiology and Immunology, Neurobiology, Molecular Biology Laboratory Techniques like - Recombinant DNA technology and molecular cloning, DNA sequencing, Polymerase chain reaction (PCR), Gel electrophoresis, Macromolecule blotting and probing, Immunochemical techniques, Microarrays, etc.

## GUIDELINES

### For Keynote/ Speaker

- All presentations should be in Microsoft PowerPoint format.
- Presentations as well as all audio visual material should be presented in only in English.
- Presentations should be submitted to Organizer at least 2 hours before the session in USB memory stick.
- Presentation Duration: 20 – 30 Minutes.
- Each Talk will be followed by Q & A.

### For Poster Presenters

- Poster Dimensions: 2x3 M
- Font style: Arial/Times New Roman in a reasonable font size
- Contents: Poster should include Overview, Introduction, Methods, Results and Conclusions
- Presentation Duration: 10 – 15 Minutes
- Best Poster will be Accredited with certificate & official letter

### Benefits of attending in Teams:

1. Recharge and Rethink
2. Empower
3. Prepare the team for future
4. Unique team building experience
5. More learning opportunities for your team

For more details regarding the team discounts mail to the program manager

### Visa Information

- Only registered clients will get official letter of invitation.
- Attendees need to finish Registration & Authenticated information submission to get official letter of invitation [i.e., Passport (Scan copy), DOB, Mobile Number, Physical Address and Photograph].
- LARIX do not involve in processing VISA, we assist only by providing official letter of invitation.
- Contact program manager for more information.
- Official Letter of Invitations will be provided only to attend the conference.

## BOOK YOUR SLOT

SPEAKER REGISTRATION	EARLYBIRD REGISTRATIONS Till Nov 15, 2019	MIDTERM REGISTRATIONS Till Jan 15, 2020	ONSITE REGISTRATIONS Till April 24, 2020
ACADEMIA	\$ 499	\$ 599	\$ 699
BUSINESS	\$ 599	\$ 699	\$ 799
STUDENT	\$ 299	\$ 399	\$ 499
<b>SPONSORS</b>			
Premium Plus	\$ 4000	\$ 4500	\$ 5000
Premium	\$ 3000	\$ 3500	\$ 4000
Advanced	\$ 2000	\$ 2500	\$ 3000
Standard	\$ 1500	\$ 2000	\$ 2500
EXHIBITORS	\$ 999	\$ 1500	\$ 2000
<b>OTHERS</b>			
e-poster	\$ 99	\$ 99	\$ 99
Video Presentation	\$ 99	\$ 99	\$ 99
Poster Standee	\$ 100	\$ 100	\$ 100
<b>ADD-ON</b>			
Accompanying person	\$ 150	\$ 150	\$ 150

## Poster Presentation Competition

A Poster session is a one-to-one informal discussion between presenters and their audience on a conference-related theme.

### Aim :

- A poster is a graphically based approach to presenting research. In presenting your research with a poster, you should aim to use the poster as a means for generating active discussion of the research.
- Limit the text to about one-fourth of the poster space, and use "visuals" (graphs, photographs, schematics, maps, etc.) to tell your "story."

### Visuals :

- Posters should include a title, name and affiliation of the presenter(s) labelled with lettering at least 1" (2.54 cm or 72 point) high from the top of the poster space.
- Before you design your poster, consider how much text should appear in the display.
- Present numerical data in the form of graphs, rather than tables (graphs make trends in the data much more evident). If data must be presented in table-form, KEEP IT SIMPLE.
- Visuals should be simple and bold. Leave out or remove any unnecessary details.
- Make sure that any visual can "stand alone" (i. e., graph axes are properly labeled, maps have north arrows and distance scales, symbols are explained, etc.).
- Use color to enhance comprehension, not to decorate the poster. Neatly coloring black-line illustrations with color pencils is entirely acceptable.

### Eligibility :

- Candidates pursuing under graduation or Post graduation are eligible to participate in the Competition and win the International award.
- Age should not exceed 26 years

### Logos :

Remember to advertise your Institution! Always include the University logo. Also include your Research Centre logo. Use high quality images – poor quality, low resolution images will make your poster look poor quality too.

## Eligibility

- Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event.
- The topic must fit into scientific sessions of the conference.
- Each individual participant is allowed to submit only one paper (10 slides, 15 minutes).
- None of the authors should have senior position or faculty position.
- Participants should be below the age of 30 years.
- All submissions must be in English.

## Benefits

- Showcase your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors.

**Submit your Abstract and Enroll Today**

## CALL FOR NOMINATIONS

BEST ORAL PRESENTATION AWARD

BEST YRF AWARD

BEST POSTER PRESENTATION AWARD

Send your proposals to [info@larixconferences.com](mailto:info@larixconferences.com)

## Why to Join at **BAPS 2020**

- Networking for future collaborations
- Publication
- Socialization
- Spark New Ideas.
- Energy of Like-Minded Individuals
- Added research value
- Travelling
- Presenting a paper
- Fresh perspective
- Generate New Content

### Explore Paris, France

Paris, city and capital of France, situated in the north-central part of the country. The city is ringed with great forests of beech and oak; they are called the “lungs of Paris,” for they help to purify the air in the heavily industrialized region. Paris has long been an important world center of higher education. Paris has for centuries been regarded as the main cultural powerhouse of the Western world, a magnet for artists and intellectuals and a place where new ideas originate and art reigns supreme.
