Edinburgh, Scotland

Innovative approaches in making heart
secure with the secret of surgery

Cardiac Surgery 2020

Future Shape of Cardiology and its organization with the further better scope of research

- Conference Dedicated to Innovate Solution to the Public Health Challenges
- Your single Destination to reach Largest Assemblage of participants from Cardiology Community
- Opportunity beyond any Comparison to Attend & Network
- Experience the Global Ambiance with Researchers with Similar Significance
- Make New Associations and Fostering Potential Partnerships
- Learning & Knowledge in a Single Package
- Worldwide Acknowledgement to your Research Profile
- Explore the best in Cutting Edge Research
- Learn Beyond your Field of Interest
- Professional Development to Elevate your Knowledge and Skills

Cardiac Surgery 2020

Speakers Representation from 50+ Countries

1 Conference | 2 Days | 7th Conference in Cardiology Series

15 Keynote Talks | 75 Plenary Speakers | 17 Interactive sessions

Symposia | Workshops | Best Poster Award

200 Attendees | 50 Professors | and many more . . .

Greetings!

Welcome to most exciting and fascinating Edinburgh, Scotland! Within this splendid setting, we plan to deliver a conference that will exceed your expectations.

During this year's Conference, we hope that you will seize the opportunity to rekindle ongoing connections and spark new ones with your colleagues from around the globe. It's with great pleasure and great honor to invite you to the **"7th Annual Congress on Cardiology & Cardiac Surgery"** scheduled during **June 15-16, 2020 at Edinburgh, Scotland.**

The Conference will be organized around the theme **"*Innovative approaches in making heart secure with the secret of surgery*"** Cardiac Surgery 2020 anticipates more than 500 participants around the globe to experience thought provoking Keynote lectures, Oral & Poster presentations. This year conference will offer ample opportunities for all stakeholders working on Cardiologists, Cardiac Surgeons, University Professors to expose their research work.

Our conference aims to gather the Researchers, principal investigators, experts, Cardiologists and researchers working on heart from both academia and health care industry, Business Delegates, Scientists and students across the globe to provide an international forum for the dissemination of original research results, new ideas and practical development experiences.

This year's Conference program, coupled with the Business Opportunity Exchange, is an event you can't afford to miss!.

Sincerely

Arya Carsen

Arya Carsen

Program Manager | Cardiac Surgery 2020

Organizing Committee

WELCOME MESSAGE

Followed by the successful completion of the 6th Annual Congress on Cardiology and Cardiac Surgery, we are organizing the **7th Annual Congress on Cardiology and Cardiac Surgery** in **Edinburgh, Scotland** on **June 15-16, 2020**. On the successful completion of the 6th series of the Cardiac Surgery, I would like to thank to all the participants of the conference, supporting staffs of the allied academies, Conference Hotel authorities, the Organizing Committee members, Ad-Sponsors, Media partners and all the unseen hands who helped in making this 6th Annual Congress on Cardiology and Cardiac Surgery huge successful which is around the theme of ***“Pioneering the innovative altitudes in the arena of cardiology and surgeries”***.

After the grand success of 6th Annual Congress on Cardiology and Cardiac Surgery we are delighted to invite you to participate in the 7th Annual Congress on Cardiology and Cardiac Surgery, which is scheduled on June 15-16, 2020 in Edinburgh, Scotland around the theme of ***“Innovative approaches in making heart secure with the secret of surgery”***. Cardiac Surgery Congress is one of the leading conferences on congenital, structural and valvar percutaneous heart interventions.

The Highlights of the 7th Annual Congress on Cardiology and Cardiac Surgery are Cardiology Cardiac Diseases, Heart Failure, Atrial Fibrillation and Arrhythmias, Congenital Heart Disease and Paediatric Cardiology, Interventional Cardiology and Cardiovascular Surgery, Diabetes and the Heart Disease, Thyroid Disease and the Heart, Cardiac Imaging, Cardiovascular Nursing and Healthcare, Women & Heart Disease, Digital Health and Cardiology, Cardiovascular Pharmacology, Stem cell and Regenerative Biology.

This is also the best Opportunity for the medical Supporters and Sponsors to give the live demonstration of their creation at this international platform. This time we are assembling an energizing scientific program with addresses from leading experts and live case transmissions displaying skilful administrators from everywhere throughout the world.

Make your valuable presence this Cardiac Surgery Congress in Edinburgh, Scotland which is going to be more successful than the Cardiac Surgery 2019.

We are looking forward to welcoming you all to Edinburgh, Scotland on June 15-16, 2020!

Cardiac Surgery 2020 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

MONDAY, JUNE 15

08:00-09:00

Registration

09:00-09:30

Opening Ceremony

09:30-10:15

Keynote Forum – 01

10:15-11:00

Keynote Forum – 02

11:00-11:30

Networking Reception and Refreshment

11:30-12:15

Keynote Forum – 03

12:15-12:45

Keynote Forum – 04

12:45-13:15

Business Opportunity Exchange & Lunch

13:15-15:00

Plenary Sessions – 01

15:00-16:00

Parallel Session 01-Hall 1

General Session 02-Hall 2

Parallel Session 03-Hall 3

16:00-16:30

Networking Reception and Refreshment

16:30-18:00

Concurrent Work shops

TUESDAY, JUNE 16

09:00-09:30

Registration

09:30-10:15

Keynote Forum – 01

10:15-11:00

Keynote Forum – 02

11:00-11:30

Networking Reception and Refreshment

11:30-12:15

Keynote Forum – 03

12:15-12:45

Concurrent Work shops

12:45-13:15

Business Opportunity Exchange & Lunch

13:15-15:00

Plenary Sessions – 02

15:00-16:00

Parallel Session 04-Hall 1

General Session 05-Hall 2

Parallel Session 06-Hall 3

16:30-18:00

Parallel Session 07-Hall 1

General Session 08-Hall 2

16:30-17:00

Awards Banquet and Closing Ceremony

Purpose

With members from around the world focused on learning about Cardiology and heart Disease, this is your single best opportunity to reach the largest assemblage of participants from the scientific community.

Conduct demonstrations, distribute information, meet with eminent personalities, and make a splash with latest research innovations at this outstanding event.

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.
- The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Cardiology to present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address brain diseases and neurological problems and overcome barriers that limit access to care and services.

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Cardiology
- Discuss and update the research findings related to Cardiology
- Disseminate the diverse voices of breakthrough innovators with visionary and practical solutions.

Who should attend?

Cardiologists, Cardiac surgeons, Cardiac researchers, Cardiovascular Anesthesia specialists, Pharmacists, Research scientists, Cardiology Organizations and societies, Business delegates, CEO's and R&D Heads from Industries, Directors, Industrial Leaders, Pharmaceutical companies, Neuroscience associations & foundations, Professors and Students from Academia in the study of cardiology and researchers who utilize novel techniques and knowledge in diagnosing and treating brain and neuronal disorders.

Diverse Action-Oriented Programming & Networking

EXPLORE the forefront of breakthrough ideas and models in electrifying morning keynote talks, featuring luminaries and “the greatest people you’ve never heard of.”

PARTICIPATE in afternoon panels and workshops/symposiums on diverse topics of Pediatric Cardiology, Clinical Cardiology, Cardiac Surgery, Cardio-Oncology and many more!

NETWORK with a community of leadership – dynamic change makers from around the country and world, or from your region, to develop important professional and personal relationships.

SHARE your insights and learning at the conference in participatory and experiential workshops.

DISCOVER powerful opportunities and strategies for creating and engaging with progressive change in your work, life and community.

CELEBRATE how great a difference one person can make, and how building community amplifies that change.

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

Cardiac Surgery 2020 Outlook

Explore the best in Cutting edge Research

Change to learn beyond your field of Interest

Keynote sessions by worlds most eminent and distinguished researchers

Conference Participation Inspires, Rejuvenate and Energize participants

Cardiac Surgery 2020 is an unique platform to increase your reputation within the Cardiology Community

Learning and Knowledge in a single package

Speaker's representation from 50+ Countries

1 Conference | 2 Days and 7th conference in the Row

According to the World Health Organization (WHO), cardiovascular diseases are the leading cause of deaths globally. More people die from these diseases than from anything else.

In 2015, approximately 17.7 million people died from cardiovascular disease worldwide, and they accounted for 31 percent of all registered premature deaths.

Of these:

- 7.4 million people died from coronary heart disease
- 6.7 million people died as a result of a stroke

Over 75 percent of deaths from cardiovascular disease occur in low and middle-income countries. They affect men and women equally.

By 2030, it is predicted that 23.6 million people will die from cardiovascular diseases annually, mostly due to stroke and heart disease.

Cardiology is worried about the normal value of the heart and the deviation from a sound heart. Various issue incorporates the heart itself, yet some are outside of the heart. Cardiology gathering will be an incredible achievement now daily as the mindfulness for the treatment of heart related ailments is exceptionally vital among the general population and all will come to think about the new explores going on and innovations in the field of Cardiology. Cardiology (Devices and Technology) - Global Trends, Estimates and Forecasts, 2012-2018 statistical surveying report says worldwide interventional cardiology advertise is evaluated to achieve US\$37.2 billion by 2018.

Research says this year, approximately 720,000 Americans will have a new coronary event and approximately 335,000 will have a recurrent event. CHD mortality dropped by 34.4% from 2005 to 2015, with a predicted continued decline (27% reduction by 2030); however, race disparities are projected to persist. Median survival of those ≥ 45 years after first MI is 8.4 years for white males, 5.6 years for white females, 7.0 years for black males, and 5.5 years for black females. Variables associated with a higher incidence of CHD include lower education and income (2x).

Cardiovascular disease (CVD) currently accounts for nearly half of noncommunicable diseases (NCDs). NCDs have overtaken communicable diseases as the world's major disease burden, with CVD remaining the leading global cause of death, accounting for 17.3 million deaths per year, a number that is expected to grow to >23.6 million by 2030.

Increasingly, the populations affected are those in low- and middle-income countries (LMIC), where 80% of these deaths occur, usually at younger ages than in higher income countries, and where the human and financial resources to address them are most limited.

Edinburgh is the capital of Scotland and is also known as the hilly capital for the seven hills in its lap which gives rise to allusions to the seven hills of Rome. Its modern city has grown around these seven hills, namely, Calton Hill, Corstorphine Hill, Craiglockhart Hill, Braid Hill, Blackford Hill, Arthur's Seat, and the Castle Rock. The city is nicknamed as Auld Reekie, for the views from the country of the smoke-covered Old Town. It is also known as the Athens of the North for a variety of reasons including its topography, geography, and architecture.

Being a city with an early history ranging back from 8500BC it has become a home for many examples of early architecture and culture. The city is also known for its strongest economy in the United Kingdom which arises from its financial services, scientific research, higher education, and tourism.

Edinburgh supports many theatre and production companies and is famous for its rich taste in music. The well-known theatres of the city accounts for The Royal Lyceum Theatre, King's Theatre, Edinburgh Festival Theatre, Edinburgh Playhouse, The Usher Hall, The Hub, the Assembly Rooms and the Queen's Hall which entertains its viewers with the best theatre programs and music shows. Edinburgh Climate :

Edinburgh experiences a oceanic temperate climate which is forbearing regardless its northly latitude. The winter climate of the city is milder than its counterpart cities on the same latitude as the daytime temperatures rarely fall below 0°C (32°F). Summer times are equally modest and exceptionally rise above 21° C (72° F).

The distance between the city and the sea eliminate its chances of having any extreme weather, rather it is also known as "the windy" city as per its location between the sea and the hills..

Accompany Partners' Policy:

We respectfully remind you that partners accompanying delegates/speakers are not eligible to attend conference sessions and do not qualify for refreshments and lunches during the day unless they have registered.

Any partner wishing to attend events not previously selected and paid for in his or her registration may do so at the Conference Registration desk.

We would be pleased to accommodate any requests where possible.

Registration and Accommodation

Policy:

Registration and accommodation changes will not be accepted unless made in writing.

Changes made within 14 days of the event may incur costs due to specific hotel and venue policies.

Cancellation Policy:

Registration cancellations will not be accepted unless made in writing.

Cancellations request made before 15 May, 2020 will be refunded less 25% of the Conference Registration fee, to cover administration costs.

No registration refunds will be processed after this date, however, substitute delegates are welcome.
