

International  
**NANOTECHNOLOGY &  
NANOMEDICINE**  
Conference

July 14–15, 2022  
London, UK

The **International Nanotechnology and Nanomedicine Conference** welcomes you to **London, UK** on **July 14-15, 2022** to share your research findings, promote knowledge exchange and network with a wide audience in the field of nanomedicine and nanotechnology.

i-Nanotech 2022 provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, concerns as well as practical challenges encountered, and solutions adopted in the fields of Nanoscience and Nanotechnology.

Nanotechnology is increasingly attracting worldwide attention owing to its wide range of end-uses. As nanotechnology is evolving, so is the scope for its commercial expansion. The wide range of potential products and applications gives nanotechnology its enormous growth prospects. In such a scenario, huge opportunity lies for industry participants to tap the fast-growing market.

Join us and witness the booming industry by participating at i-Nanotech 2022 and give your career and business access to new opportunities from throughout the world.

We look forward to seeing you in London

International

# Nanotechnology & Nanomedicine

Conference

i-Nanotech 2022 provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, concerns as well as practical challenges encountered, and solutions adopted in the fields of nanotechnology and nanomedicine.

## Who you will meet

- Researchers, Scientist and Nanotechnology experts
- Nano Science and Nanotechnology Investors
- Academia: Professors and Students
- Policymakers and Influencers
- Business Professionals and Representatives
- Nanotech Companies
- Business Entrepreneurs
- Key Decision Makers & Officials

## Benefits

- Explore Future Business Opportunities
- Meet and collaborate with Pioneers
- Reinvigorate your relation with peers
- Network & get inspired by leaders
- Share your Products and Services with Professionals
- Sharing Knowledge with the Industry

## Highlights

- Bionanomaterials/Nanomaterial synthesis and characterization
- Nanomedicine
- Pharmaceutical Nanotechnology
- Nanosensors, Nanotools and nanodevices
- Commercialization, Safety and Societal Issues of Nanotechnology
- Energy, Environment and Green Technology

92%

Rated the content of the Conferences as valuable

89%

Rated the Exhibition as excellent

93%

Rated the event as important to their business

96%

Would recommend the Congress to others

i-Nanotech 2022 aims to bring together a broad range of scientists covering the interdisciplinary fields of biology, chemical and bioengineering, material science, physics, among others

i-Nanotech Conference, 2022 is packed with workshops, symposiums, and multiple plenary sessions with the main focus on thought-provoking discussions and peer-led networking. The conference is the ideal venue to learn about the latest trends shaping the nanotechnology industry, to gain new skills and insights from successful experts in the field of nanotechnology and nanomedicine.

i-Nanotech 2022 is one stop juncture to all those who are planning to expand their business through various channels of franchise and distribution.

- Nanoscience and Technology
- Synthesis and Characterization of Nanomaterials
- Nanomedicines
- Nano Drug Delivery Systems and Biopharmaceuticals
- Nano Applications
- Nanosensors and Nanobiosensors
- Nanostructures and nanosystems
- Policy & Environmental Impacts and Standards

91%

rated the content of the programme as good

85%

of the delegates gained new knowledge to implement in their practice

87%

said the programme met their expectations

Join us and witness the booming industry by participating at i-Nanotech 2022 and give your career and business access to new opportunities from throughout the world.

# About London

Standing on the River Thames, London has been a major settlement for two millennia, its history going back to its founding by the Romans, who named it Londinium. London is a leading global city, with strengths in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transport all contributing to its prominence.

London contains four World Heritage Sites: the Tower of London; Kew Gardens; the site comprising the Palace of Westminster, Westminster Abbey, and St Margaret's Church; and the historic settlement of Greenwich. Other famous landmarks include Buckingham Palace, the London Eye, Piccadilly Circus, St Paul's Cathedral, Tower Bridge, Trafalgar Square, and The Shard. London is home to numerous museums, galleries, libraries, sporting events and other cultural institutions, including the British Museum, National Gallery, Tate Modern, British Library and 40 West End theatres.

# Testimonials

Thank you for the conference note. The conference covered a diverse group of topics with a true international flavor in terms of the attending delegates.

Nigel Smart, Smart  
Pharmaceutical Consulting, USA

I would like to thank you for the opportunity to make the presentation last Thursday at IPharma in Philadelphia. It was a good experience and I would like to think that my presentation was well received by the audience.

Nelson Kardos, Duquesne  
University, USA

i-Pharma offered everything we needed, from Drug Discovery and Development to Pharma Marketing, Pharma Manufacturing, Industrial Pharmacy. It gives all participants a productive conference experience. We'll come back year after year

Ye Xu, Jilin Medical  
University, China

The conference was good, even some speaker could not attend because of the weather. It was a great experience for me and I am really glad for the experience subheading

Livio Luongo, Università  
Vanvitelli, Italy

It has been a great opportunity to share the experience and state-of-the-art in the pharmaceutical field among academia and industry. It served a good platform for efficient networking.

Nataliya Storozhylova,  
University of Santiago de Compostela,  
Spain

My US experience was very good and will always fondly cherish the memories. Would like to be back again in a year or so. I wish we could meet

Sanju Nanda, MDU,  
India
