About Venue

Bangkok, Thailand's capital and city that never sleeps, is a trendy mash-up of diverse cultures and religions. Temples and monasteries coexist peacefully here close to towering skyscrapers. Street bazaars and floating markets compete with luxury shopping malls and purchase centers. Thailand is the 12th largest country in Asia, with a total size of over 198,000 square miles and a population of 67.9 million. The majority of foreign visitors to the country travel to Bangkok, one of the world's top tourist destinations. Thailand experiences both the summer and winter monsoons due to its location between substantial areas of land and water. The typical temperature in Thailand ranges from 18 to 38 degrees Celsius. In Thailand, cancer is the top cause of death, and mortality is rising. Therefore, it would be essential to adhere to and share any future study into the treatment of cancer field in order to recommend advancements. [\(click here for more\)](#)

We express our deep gratitude to the organizers of the conference for a rich and fruitful program, its high professional level and relevance of the topics of reports. Each speaker shared his experience and knowledge. At the conference, reports were made on topical issues of Gynecology and Pediatrics. We are very happy to share the knowledge gained at the conference with colleagues and students. Thank you for the opportunity to interact with colleagues. We look forward to continuing our cooperation. I wish you success!

Ali Mehrafshar
China

The Gynaecology 2023 conference was awesome and I learned a lot here and I hope I can come to the next series of gynecology conference happening in Bangkok, Thailand.

Elena Stezhkina
Russian Federation

Many thanks to everyone for the opportunity to attend the conference dedicated to the health of women and children and to hear very valuable information for me. I am also grateful for the opportunity to present my own clinical case in the form of a complex case - Peitz-Jaegers Syndrome. Holding a conference of this format, where we were able to exchange opinions in a friendly atmosphere, I think is the best option. Special thanks to the organizers for their help, patience, pleasant communication, which made our stay in Dubai unforgettable. With respect, appreciation and hope to see you again.

Lalit Bora
India

It was amazing to be here with the people of the Gynaecology 2023 organized by Scientex Conferences. I really enjoyed all the subjects that they have put it, and I wish all the best for the future also.

Zakia Afroze
Bangladesh

There was a nice gathering of researchers from different countries of the world. We shared our knowledge. We learned a lot. Thank you all concerned for arranging such conference.

The conference was beautifully arranged and also the speakers are the eminent doctors from all over the world. So, it was a beautiful experience, got to learn a lot, and it was very nicely conducted.

Karine Avetisyan
Russian Federation

I thank the organizers of the conference for the opportunity to participate in such an important event and visit beautiful Dubai. Only by exchanging experience, knowledge, we can achieve the best results in the provision of medical care. The format of the event was very interesting. Gynecology is a particularly important part of medicine and is especially important for children. Very interesting reports were presented. All speakers were well prepared and tried very hard. I talked about congenital ichthyosis and was extremely happy to share our experience of understanding and treating children with such a severe and orphan disease.

Hana AlSumri
Oman

I was delighted to take part in the first scientific conference. We had a nice platform where we have exchanged information with a big group of expertise from all over the world. Thank you again for this opportunity and wishing you all the best.

Madara S B Ralapanawe
