

INTERNATIONAL CONFERENCE ON STEMCELL & REGENERATIVE MEDICINE

THEME – UNLOCKING THE POTENTIAL: INNOVATIONS IN STEM CELL RESEARCH

Attend Conferences on

NOVEMBER 18-19, 2024

ZURICH, SWITZERLAND

INVITATION

Stripe Conferences extends a warm invitation for your participation in the Global Summit on Stem cell & regenerative medicine event, slated to take place on November 18-19, 2024, in Zurich, Switzerland. The theme for the conference is Unlocking the potential: innovations in stem cell research. Stem cell conference serves as an excellent forum for the cell biologist, researchers, scientist, academicians, biotechnologists, science experts & individuals having interest in stem cell research from around the world to present and discuss their work and findings at the congress, contributing to a dynamic, successful, & safe congress. It aims to bring together leading academic scientists, researchers & research scholars to exchange and share their experiences and research results on all aspects of stem cell or related fields.

The conference will feature a wide range of sessions, including keynote lectures, oral presentations, poster sessions, symposia, and workshops. Our panel of speakers includes academics, students, researchers, and industry professionals, making for a dynamic and engaging environment. Attendees will have the opportunity to actively participate in discussions, connect with others in their field, learn about the latest research and discoveries, and explore solutions to ongoing challenges.

SINCERELY,

Organizing Committee
Stem Cell Conferences 2024.

ABOUT SWITZERLAND

Zurich, the largest city of Switzerland and capital of the canton of Zürich. Located in an Alpine setting at the northwestern end of Lake Zurich, this financial, cultural, and industrial centre stretches out between two forested chains of hills.

It is the industrial, financial, and cultural centre of the country and one of the most cosmopolitan and dynamic Swiss cities. The city has a diverse ethnic composition; more than one-third of its population is made up of immigrants.

ZURICH SWITZERLAND
SKYLINE

SCIENTIFIC SESSIONS

- Stem cell research
- Tissue engineering & 3D cell culture
- Gene & cell therapy
- Ageing theories in stem cell
- Epigenetics & stem biology
- Cell culture
- Bio-banking
- Advanced gene therapeutics
- Genetic stem cell biochemistry
- Signal transduction
- Stem cell apoptosis
- Genome editing technology
- Tissue-engineered disease models
- Clinical tissues analysis
- Artificial organ
- Bioprocessing
- Genomic Medicine
- Stem cell transplantation

REGISTRATION DETAILS

Type	Academic	Business	Student
Speaker	\$745	\$795	\$495
Delegate	\$795	\$845	\$395
Poster	\$645	\$695	\$445

OTHERS

Type	Registration
E-poster	\$150
Acompanying Person	\$295
