2ND INTERNATIONAL CONFERENCE ON NEUROSCIENCE AND NEUROLOGICAL DISORDER

Theme : Precision Neuroscience and AI: Revolutionizing Diagnosis and
Treatment of Neurological Disorders

November 17-19, 2025

Rome, Italy

Invitation

MindSpace Conferences is pleased to invite you to the 2nd International Conference on Neuroscience and Neurological Disorder, scheduled for November 17–19, 2025, in Rome, Italy. Themed "Precision Neuroscience and AI: Revolutionizing Diagnosis and Treatment of Neurological Disorders," the conference will bring together global experts for keynote presentations, panel discussions, workshops, and a young researchers' forum. Attendees will gain insights into cutting-edge research, practical strategies, and the latest advancements in neuroscience. This prestigious event offers opportunities to learn, share knowledge, and network with leading professionals in the field. We look forward to welcoming you and value your contribution to the discussions.

Scientific Sessions

1. Precision Neuroscience & Neurogenetics
2. Epilepsy Monitoring & Biomarkers
3. Traumatic Brain Injury & Brain-Computer Interfaces
4. Neuroimaging AI & Drug Discovery AI
5. Neurostimulation & Neurosurgery
6. Clinical & Behavioral Neuroscience
7. Neuroplasticity and Brain Development
8. AI in Neurology & Neurorehabilitation Robotics
9. Neurodegenerative Diseases
10. Alzheimers and Parkinsons Diseases
11. Neurogenetics & Brain Cells
12. Headache Medicine & Human Brain Mapping
13. Molecular & Developmental Neuroscience
14. Cognitive Neuroscience & Brainstem
15. Brain Injury & Psychology
16. Paediatric Neurology & Spine
17. Neurology & Psychiatry
18. Big Data & AI Ethics
19. Stem Cells Role in Neuro-Biological
20. Stress & Neuroepidemiology
21. Patient Stratification & Gut-Brain Axis
22. Cerebellum & Cerebrum
23. Migraine & Pathophysiology
24. Pathogenesis & Neurogenesis
25. Functional MRI & Blood-Brain Barrier
26. Neurological Health & Dementia
27. Autism Spectrum Disorders & Glial Cells
28. Genomics & Blood Clot
29. Sleep Disorders & Mental Health
30. Addiction & Neuropharmacology
31. Stroke Recovery & Stroke AI
32. Neurotoxicology & Nervous system

BENEFITS FOR ATTENDEES

1. A certificate of participation & appreciation will be given to the participants by the International Organizing Committee.
2. Complimentary one-night accommodation and 25% discount on travel airfare
3. Opportunity to organize a workshop/symposium upon prior request
4. Publication of abstracts in conference souvenirs.
5. One best exhibitor will be awarded USD 1500.
6. Best 3 oral presentations will be awarded USD 1000 each.
7. Best 5 poster presentations will be awarded USD 500 each.
8. Special discount is available for group participants.
9. Conference pictures and videos will be shared with participants without any additional wages.
10. Soft copy of the certificates will be sent upon prior request.

About Rome, Italy

Rome, the capital of Italy, is a city where history, art, and culture intertwine to create an unparalleled destination celebrated worldwide. With its origins dating back to 753 BC, Rome, famously known as the "Eternal City," boasts a legacy that has shaped the course of civilization for centuries. This ancient metropolis is a living museum, home to some of the world's most iconic landmarks that narrate the story of its glorious past. At the heart of Rome lies the majestic Colosseum, an enduring symbol of the Roman Empire, where gladiators once fought in thrilling spectacles. Nearby, the Roman Forum, a sprawling archaeological site, reveals the remnants of temples, basilicas, and public spaces that were once the epicenter of Roman public life. The grandeur of the Pantheon, with its magnificent dome and rich history as a temple to Roman gods, is a masterpiece of ancient engineering that still inspires awe. Rome's significance extends beyond its ancient roots. The city is the guardian of Vatican City, an independent city-state and the spiritual heart of the Roman Catholic Church. Within Vatican City, treasures such as St. Peter's Basilica and the Sistine Chapel, adorned with Michelangelo's breathtaking frescoes, draw pilgrims and art enthusiasts alike.

The Procure to Attend

Previous Conference 2024

The 1st International Conference on Neuroscience & Neurology, organized by Mindspace Conferences, successfully concluded on November 18, 2024, at the Novotel Amsterdam Schiphol Airport, Netherlands. This prestigious event gathered leading researchers, scientists, and industry professionals from across the globe to discuss the latest advancements in Neuroscience and Neurology.

The conference featured a comprehensive program, including keynote speeches, panel discussions, and technical sessions on topics such as Pediatric Neurology, Neural Development, Neuro Muscular Disorders, Parkinson's Disease, and Epilepsy. Esteemed experts shared valuable insights into the future of Neurology and Alzheimer's Disease.

Attendees had the opportunity to network, exchange ideas, and explore potential collaborations. An exhibition area showcased innovative solutions from companies in the field of Neuroscience and Neurology.

Overall, the conference was a tremendous success, facilitating knowledge exchange and inspiring new initiatives to advance global sustainability in the field. Positive feedback highlighted its role in advancing both research and practical applications in Neuroscience and Neurology.

Registration Details

Category	Only Registration	2 Nights Accommodation	3 Nights Accommodation	Exhibitor
Academic	899 USD	350USD	500USD	
Business	999 USD	450USD	650USD	3000 USD
Student	599 USD	600USD	700USD
