# About Conference:

Join us for **World Congress on Biomedical Science and Engineering** on **November 06-07, 2025**, in **Vienna, Austria**, for a groundbreaking event that brings together leading scientists, researchers, healthcare professionals and industry experts. This congress offers a unique platform to explore the latest advancements in biomedical science, engineering, biotechnology, medical technologies and healthcare innovation.

Attendees will have the opportunity to engage with peers from around the globe, share insights on the latest research findings, and explore innovative approaches on the critical challenges and breakthroughs shaping the future of biomedical science and engineering.

We look forward to welcoming you all to Vienna for this inspiring event!

## Key Highlights:

- ▲ Keynote sessions by biomedical science and engineering experts
- ▲ Interactive panel discussions on emerging biomedical innovations
- ▲ Cutting-edge poster presentations in biomedical research
- ▲ Networking with peers, researchers, and industry professionals
- ▲ Access to industry exhibits and technology demonstrations

## Why Attend?

- ▲ Explore the latest advancements and breakthroughs in biomedical science, engineering, and healthcare technologies.
- ▲ Connect with peers, experts, and potential collaborators from across the globe.
- ▲ Exchange ideas, discuss cutting-edge research findings, and gain valuable insights into emerging trends in biomedical science and engineering.
- ▲ Forge partnerships for future research projects and collaborations with industry leaders, researchers, and innovators.
- ▲ Contribute to shaping the future of biomedical science and engineering through your participation and contributions.

## Who Should Attend?

- ▲ Academic researchers, university faculty, and students, biomedical scientists and engineers
- ▲ Biotechnologists and pharmaceutical experts, doctors, surgeons, and medical practitioners
- ▲ Bioinformatics specialists and computational biologists, medical researchers and clinical scientists
- ▲ Medical device designers and developers, pharmaceutical scientists and drug development experts
- ▲ Public health experts and epidemiologists, computational biologists, drug development experts and all the related fields of researchers

# About City

Vienna, the elegant capital of Austria, enchants visitors with its imperial heritage, artistic legacy, and timeless sophistication. Nestled along the banks of the Danube River, Vienna seamlessly blends old-world grandeur with contemporary culture. The city's historic center, a UNESCO World Heritage Site, is adorned with majestic palaces like Schönbrunn and the Hofburg, echoing centuries of Habsburg history. Renowned as the City of Music, Vienna resonates with the works of Mozart, Beethoven, and Strauss, showcased in grand concert halls and intimate venues alike.

Visitors can stroll through beautifully manicured gardens, explore world-class museums like the Kunsthistorisches Museum, or sip coffee in one of the city's traditional cafés, steeped in intellectual and artistic history. Vienna's culinary delights, from Wiener schnitzel to Sachertorte, offer a taste of its rich cultural tapestry. With its blend of historical splendor, vibrant arts scene, and modern innovation, Vienna stands as a cultural jewel of Europe—an inspiring destination for all who visit.
