Dear Organizers,

This conference brought together important researchers with topical and very interesting presentations.

Firstly, presentations addressed a series of topics of global interest regarding studies about different food products (e.g. cow's milk, wheat bread, etc.), enzymes, fertilizers and current global issues (e.g. food alternatives, food security, etc.). Secondly, the conference organization was at a high level. The support from conference organizers was permanently available and all the requests were resolved in the shortest possible time.

Congratulations for all! I want to thank you for all of your efforts and for giving us - the participants - a very good opportunity to share our research and to interact with each other. I hope that I will be available to be able to physically participate in the next conference!
