5TH GLOBAL CONFERENCE ON **ADVANCED WOUND CARE AND WOUND MANAGEMENT**

December 15-16, 2025 | Rome, Italy

<https://woundcare.cmesociety.com/>

INVITATION

ADVANCED WOUND CARE 2025

Greetings!

We are delighted to invite you to participate in the **5th Global Conference on Advanced Wound Care and Wound Management**, taking place on **December 15-16, 2025**, in the historic city of **Rome, Italy**.

Under the inspiring theme, ***"The Future of Healing: Innovation, Integration, and Impact,"*** this conference promises to be a transformative platform where pioneering research meets clinical expertise. Join us as we explore the next generation of strategies, technologies, and multidisciplinary approaches shaping the future of wound care.

This premier international event will gather a diverse community of leading scientists, clinicians, researchers, and industry innovators, united by a shared commitment to advancing wound healing and improving patient outcomes. It offers an exceptional opportunity for professionals and organizations to showcase innovations, gain global visibility, and foster meaningful collaborations.

The conference agenda features a powerful blend of plenary lectures, oral and poster presentations, and interactive panel discussions, led by globally recognized experts and rising voices in the field. Whether you're looking to present your findings, expand your professional network, or stay at the forefront of wound care advancements, this conference is your gateway to impactful engagement.

Join us in Rome for this extraordinary gathering, where innovation, integration, and global collaboration will redefine the standards of wound care and accelerate healing worldwide.

Sincerely

Manina Rachel | Program Director

MARKET ANALYSIS

The advanced wound care market has evolved significantly from 2015 to 2028, driven by technological advancements and rising chronic conditions. Early innovations like hydrocolloid dressings and NPWT set the stage, while 2020-2025 saw a shift toward active wound care, with growing demand for skin substitutes and bioactive dressings. North America remains dominant, with Asia-Pacific experiencing rapid growth due to rising healthcare investments.

Projected to grow from \$12 billion in 2022 to \$16 billion by 2028 at a 5-6% CAGR, the market is fueled by advancements in AI, telemedicine, and active wound care products, alongside a shift toward home and specialty care settings.
