# About us

CLS Event and Publication is proud to host the upcoming World Conference on Pediatrics, Neonatology & Infectious Diseases, scheduled to take place on June 1–2, 2026, in Amsterdam, Netherlands. As a premier platform for healthcare professionals, researchers, and innovators, this annual event is dedicated to advancing knowledge and collaboration in child health.

Under the theme “*Innovations in Child Health & Pediatric Drug Development*,” the conference will bring together a global community of pediatricians, neonatologists, infectious disease specialists, academic scholars, and clinical researchers to share the latest advancements and emerging trends in pediatric care.

Our aim is to create a dynamic environment where leading experts and early-career professionals can engage in meaningful discussions, participate in interactive sessions, and explore breakthrough research that drives innovation in pediatrics and neonatology. Attendees will benefit from keynote lectures, oral and poster presentations, panel discussions, and workshops, with opportunities to earn CME credits and explore publication avenues. The event also features a dedicated Young Researchers Forum to support the next generation of medical leaders.

By hosting this international gathering, CLS Event and Publication reaffirms its commitment to fostering global partnerships, encouraging multidisciplinary exchange, and contributing to the development of more effective treatments and preventive strategies in pediatric and neonatal healthcare. We warmly invite you to join us in Amsterdam and be part of this transformative experience focused on improving outcomes for children around the world.

- Renowned speakers and scientists across the globe.
- Poster presentations and world class exhibits.
- Panel discussions and interactive sessions.
- B2B meetings.
- Perfect platform for Global Networking

# Conference and Webinar Details

## About Conference

The 4th World Conference on Pediatrics, Neonatology & Infectious Diseases, taking place on June 1–2, 2026, in Amsterdam, Netherlands, is an international platform committed to advancing the future of child health. Organized by CLS Event and Publication, the conference is centered around the theme “Innovations in Child Health & Pediatric Drug Development.” This event aims to unite pediatricians, neonatologists, infectious disease experts, researchers, and healthcare professionals from across the globe to exchange groundbreaking insights, share clinical experiences, and explore innovative research that shapes pediatric care.

Through a rich program of keynote presentations, oral and poster sessions, workshops, and networking opportunities, the conference fosters meaningful collaboration and professional development. Special highlights include the Young Researchers Forum, CME accreditation opportunities, and discussions on emerging therapies, vaccine development, and global child health challenges. Whether you're an established expert or an early-career professional, this conference offers a unique opportunity to stay at the forefront of pediatric science and healthcare innovation.

### About the Webinar:

Join global experts, researchers, and frontline clinicians at the 4th World Conference on Pediatrics, Neonatology, and Infectious Diseases – a premier CME-accredited webinar focused on the latest innovations in pediatric care and drug development.

This two-day virtual event will explore critical advances in neonatology, infectious disease control, and paediatric pharmacology. From breakthrough therapies and precision medicine in neonates to novel vaccines and antibiotic strategies, we will uncover what's next in child health.

### CONFERENCE HIGHLIGHTS

- Lectures by the active Investigators
- Keynote forums by Renowned Speakers
- Speaker Forum
- Poster Sessions on latest Innovation in all the relevant Areas
- Panel discussions and interactive sessions.
- Open Innovation Challenges
- Poster Sessions on every career stage
- Post-Doctoral Career Development Session
- Young Research Forum • B2B Meetings
- Global Networking with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities
- Excellent platform to showcase the latest products in Pediatrics and affiliates

### TARGET AUDIENCE

- Pediatricians and Pediatric surgeons
- Pediatric nurses and nurse practitioners
- Pediatric specialists
- Child Psychologists and Psychiatrists
- Neonatologists
- Pediatric researchers and Academicians
- Medical students and residents specializing in pediatrics
- Pediatric Nutritionists and Dieticians
- Social workers specializing in child welfare
- Representatives from pediatric healthcare organizations and NGOs.

# Session Highlights

- Neonatology and Perinatology
- Advances in Neonatal Care
- Neonatal hearing disorders
- Genetics and Genomic Medicine in Pediatrics
- Developmental and Behavioural Pediatrics
- Childhood Nutrition and Obesity
- Pediatric Allergy and Immunology
- Pediatric Pulmonology
- Pediatric Cardiology
- Pediatric Gastroenterology
- Pediatric Neurology
- Pediatric Oncology
- Pediatric Hematology
- Pediatric Rheumatology
- Pediatric Infectious Diseases
- Pediatric Nephrology & Urology
- Pediatric Dermatology
- Pediatric Surgery
- Pediatric Emergency Medicine
- Pediatric Pain Management and Palliative Care
- Mental Health in Children
- Adolescent Medicine
- Pediatric Pharmacology
- Pediatric Dentistry
- Innovations in Pediatric Health Care
- Recent Technology and Child Health

# About Venue

## Park Plaza Amsterdam Airport

Address: Melbournestraat 1, 1175 RM Lijnden, Netherlands

The PediaConf 2026 will be held at the elegant and modern Park Plaza Amsterdam Airport, located just minutes from Schiphol International Airport and a short distance from Amsterdam's vibrant city center. This 4-star hotel offers a perfect blend of convenience and comfort, featuring state-of-the-art conference facilities, spacious guest rooms, wellness amenities, and on-site dining options. With its serene surroundings and excellent connectivity, Park Plaza Amsterdam Airport provides an ideal setting for international delegates to engage, network, and collaborate in a relaxed yet professional atmosphere. Attendees will also enjoy easy access to Amsterdam's cultural landmarks, museums, and iconic canals, adding an enriching experience to their visit.

**Amsterdam**, the capital of the Netherlands, is a city that seamlessly blends rich history with modern innovation. Known for its iconic canals, charming architecture, and vibrant culture, Amsterdam is a hub for international collaboration, creativity, and knowledge exchange. With world-class museums, historic landmarks, and a thriving healthcare and research community, it provides the perfect backdrop for an international conference on Pediatrics, Neonatology, and Infectious Diseases. The city's excellent public transport, welcoming atmosphere, and diverse culinary scene make it a favorite destination for professionals and tourists alike. Whether you're strolling along its picturesque canals or attending high-level academic discussions, Amsterdam offers an inspiring and unforgettable experience.at

improving access, research, and healthcare outcomes for its population.. [\(click here for more\)](#)

## GROUP REGISTRATION

Group registration is the purchase of group tickets by one individual for a total group with discounted registration charges. A minimum of 5 members will be considered as a group and are eligible for a flat 20% discount on registration charges. ([click here for more](#))

## TOP REASONS TO PARTICIPATE

- Develop Your Network
- Position Yourself as an Expert
- Meet Experts & Influencers Face to Face
- Gain Targeted Knowledge
- New Tips & Tactics
- Invest In Yourself
- Gain New Collaborations
- Present your Ideas and Work
- Be Inspired
- Travel, Explore and Have Fun!!

# Past Event Report

## About Past Event:

The 3rd World Conference on Pediatrics, Neonatology, and Infectious Diseases, held on July 14–15, 2025, in London, UK, was a remarkable success, uniting global experts, clinicians, researchers, and industry leaders to explore the latest advancements in pediatric healthcare and infectious disease management.

This engaging two-day event provided a dynamic platform for in-depth discussions, research presentations, and collaborative networking, all focused on improving child health and neonatal outcomes worldwide.

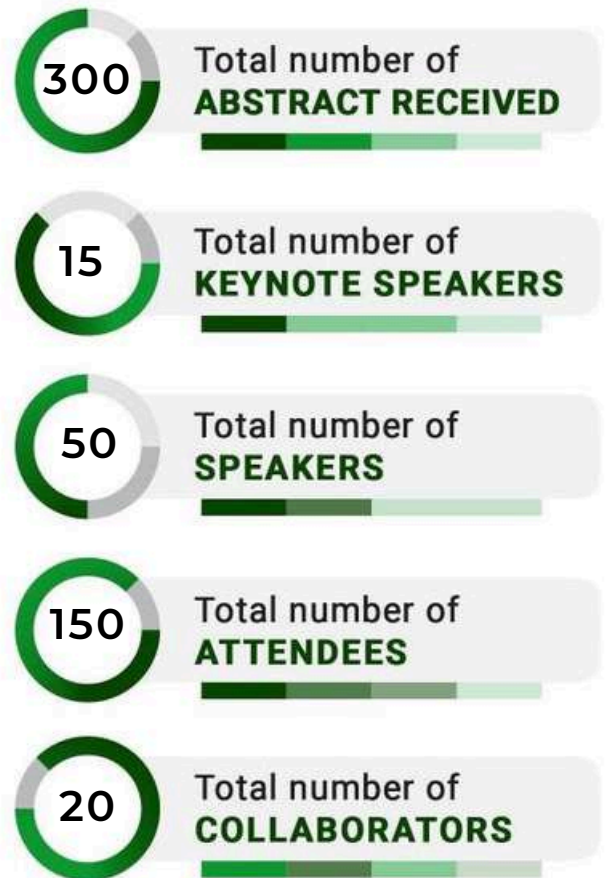

### Conference Highlights:

- Over 100 presentations covering diverse topics in pediatrics, neonatology, rare genetic conditions, and infectious diseases.
- Participation from 40+ countries, fostering international collaboration.
- A blend of keynote lectures, oral presentations, panel discussions, and poster sessions.

### Notable Keynote Speakers:

- Prof. Gulsen Meral, Founder, Epigenetic Coaching, United Kingdom – delivered an insightful talk on the role of epigenetics in pediatric development and disease prevention.
- Dr. Beth Zanrucha, IntraBio Inc., USA – shared advancements in the treatment of rare pediatric neurodegenerative diseases.
- Dr. Adel Shalata, Simon Winter Institute for Human Genetics, Israel – presented groundbreaking research on genetic syndromes in neonatal care.
- Dr. Hyun Gi Kim & Dr. Arum Choi, The Catholic University of Korea, Republic of Korea – offered a compelling joint session on genomic diagnostics and neonatal health systems.
- Prof. Hanem F. Khater, Benha University, Egypt – spoke on pediatric infectious diseases and their global epidemiological impact.

The 2025 conference served as a powerful forum for sharing cutting-edge research, real-world clinical experiences, and fostering global dialogue. The enthusiasm and participation of every delegate contributed to its outstanding success, setting the stage for an even more impactful gathering in Amsterdam for the 4th edition in 2026.

15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

# Testimonials

Feedback

**Prof. Saul Yedgar**

Israel

“ It was a pleasure to be part of the 3rd World Conference on Pediatrics in London. The conference offered a stimulating environment with cutting-edge research and excellent networking opportunities. I appreciated the diversity of topics and the global participation. A commendable effort by the organizers in fostering knowledge exchange and collaboration

**Shailaja Vijaykumar Mane**

Egypt

“ Attending the 3rd World Conference on Pediatrics in London was an outstanding experience. The conference featured high-level scientific content and diverse international participation. It provided a valuable platform to share research, engage in meaningful discussions, and build global collaborations. I commend the organizers for their excellent coordination and dedication to advancing pediatric healthcare

**Dr. Navaneetha Krishnan,**

India

“ Participating in the 3rd World Conference on Pediatrics in London was a truly enriching experience. The sessions were highly informative, with excellent scientific content and global perspectives. It was a great platform to share research, learn from peers, and foster meaningful international collaborations. Kudos to the organizers for a well-executed event

**Mrs. Meltem Uzun**

Turkey

“ It was a privilege to be part of the 3rd World Conference on Pediatrics in London. The event was professionally organized, with insightful presentations and engaging discussions. It provided an excellent platform to explore innovative approaches in child health and connect with experts from around the globe. A truly inspiring and rewarding experience

**Dr. Gulnara Rezbueva**

Russian Federation

“ The 3rd World Conference on Pediatrics in London was a remarkable experience. The scientific sessions were insightful, and the diversity of speakers added immense value. It was an excellent platform to exchange ideas, gain new perspectives, and connect with experts worldwide. My sincere appreciation to the organizers for a well-coordinated and impactful event

**Prof. Gulsen Meral**

UK

“ It was a pleasure to be part of the 3rd World Conference on Pediatrics in London. The event was expertly organized, with high-quality presentations and meaningful discussions. I truly valued the opportunity to share insights on epigenetics and connect with dedicated professionals from around the world.
