Welcome Message:

Dear Colleagues and Esteemed Guests

Welcome to the **World Conference on Cancer Research and Novel Drug Development (WC-CRDD-2026)**, taking place from **September 14–16, 2026, in Tokyo, Japan**. As Chair of this important summit, it is my great honour to extend a warm welcome to all participants. This global gathering serves as a vital platform to explore breakthroughs in cancer biology, diagnostics, therapeutics, and the development of next-generation drugs.

Over the course of these three days, we will engage in transformative discussions, share groundbreaking research, and strengthen international collaborations in the fight against cancer. Your insights and contributions will be essential as we aim to advance science, improve patient outcomes, and shape the future of oncology. I encourage each of you to actively participate—whether by presenting, networking, or learning from fellow experts. Together, we can accelerate innovation and drive progress toward a cancer-free world.

Thank you for joining us, and I look forward to a highly productive and inspiring WCCRDD-2026.

About Tokyo, Japan:

We are excited to welcome you to Tokyo, Japan, for the **World Conference on Cancer Research and Novel Drug Development Cancer Summit-2026**, taking place from **September 14-16, 2026**.

Why Tokyo?

As one of the world's most vibrant and technologically advanced cities, Tokyo offers the perfect blend of tradition and innovation. From its state-of-the-art food research facilities to its rich cultural heritage, Tokyo provides an inspiring backdrop for scientific discussions and networking.

Conference Venue:

The conference will be held at a premier venue in Tokyo, offering world-class facilities, easy accessibility, and a comfortable environment for knowledge exchange and collaboration. The venue details, including the exact location and accommodation options, will be shared soon.

Getting to Tokyo:

Tokyo is well-connected by Narita International Airport (NRT) and Haneda Airport (HND), with convenient transport options such as the Shinkansen (bullet train), metro, and taxis. The city's efficient public transport system makes commuting seamless for international and domestic attendees.
