

3rd edition

UNITE EXPLORES CANCER CONFERENCE

 SEP 07 & 08

UECC -2026

 **BRUSSELS, BELGIUM**

ABOUT CONFERENCE

Building upon the success of our 2nd edition of Cancer conference in Munich, we are thrilled to announce the 3rd edition of Unite Explores Cancer Conference on (UECC-2026). To be held on September 07-08, 2026, in the heart of Brussels, Belgium, this premier event brings together leading oncologists, researchers, clinicians, and industry experts to address the most pressing challenges in cancer care. The conference aims to foster collaboration, knowledge sharing, and the advancement of cancer research and treatment.

With the theme "Advancing Cancer Breakthroughs: Innovation, Collaboration, and Impact," the conference will delve into the latest breakthroughs and emerging trends in cancer research and treatment. By providing a platform for the exchange of ideas and expertise, we aim to accelerate progress towards improved cancer outcomes. Key topics will include early detection and prevention, targeted therapies, immunotherapy, cancer genomics, and patient care.

Attending the UECC-2026 offers numerous advantages. Network with global experts in your field, stay updated on the latest research findings, explore potential collaborations, and gain insights into the future of cancer care. The conference will feature keynote addresses from renowned oncologists, plenary sessions covering cutting-edge research, and interactive workshops to enhance your knowledge and skills. Additionally, attendees will have ample opportunities to engage with peers, share experiences, and build lasting connections.

We invite abstracts for oral and poster presentations on all aspects of cancer research and clinical practice. The abstract submissions are open. Accepted abstracts will be selected for oral or poster presentations based on their scientific merit and relevance to the conference theme.

Join us in Munich for the Unite Cancer Conference and be part of the global effort to conquer cancer. Early bird registration is now open, offering significant savings. Secure your spot today and contribute to the advancement of cancer research and treatment.

SCIENTIFIC SESSIONS

-  Cancer Genomics and Epigenetics
-  Cancer Stem Cells
-  Tumor Microenvironment
-  Cancer Metabolism
-  Cancer Signaling Pathways
-  Immunotherapy
-  Targeted Therapies
-  Drug Resistance
-  Cancer Vaccines
-  Nanotechnology in Cancer Therapy
-  Cancer Epidemiology
-  Cancer Screening and Early Detection
-  Cancer Prevention Strategies
-  Cancer Risk Assessment
-  Cancer Pain Management
-  Psychosocial Oncology
-  Cancer Survivorship
-  Palliative Care
-  Cancer Care Delivery and Disparities
-  Artificial Intelligence and Machine Learning in Cancer

CONFERENCE SCHEDULE

DAY-1 Monday Sep 07, 2026

08:00 – 09:00 Registrations
09:00 – 09:10 Opening Ceremony
09:10 – 10:30 Keynote Session
10:30 – 11:00 Coffee Break
11:00 – 12:40 Speaker Session
12:40 – 13:30 Lunch Break
13:30 – 15:00 Keynote Session
15:00 – 15:30 Snack Break
15:30 – 17:10 Speaker Session

DAY-2 Tuesday Sep 08, 2026

09:00 – 10:30 Keynote Session
10:30 – 11:00 Coffee Break
11:00 – 12:40 Speaker Session
12:40 – 13:40 Lunch Break
13:40 – 15:40 Speaker Session
15:40 – 16:10 Snack Break
16:10 – 17:10 Poster Session

Brussels, Belgium

****Discover the Charm of Brussels, Belgium****

Brussels, the capital of Belgium, is a vibrant and multicultural city known for its unique blend of historical charm and modern sophistication. As the de facto capital of the European Union, Brussels plays a vital role on the international stage, hosting major EU institutions such as the European Commission and the European Parliament. This political significance has earned the city the nickname "the heart of Europe." Despite its global status, Brussels maintains a welcoming and accessible atmosphere for locals and tourists alike.

The city is rich in history, with its roots dating back to the 10th century. One of its most iconic landmarks is the Grand Place, a UNESCO World Heritage site surrounded by ornate guildhalls and the stunning Town Hall. The square is a central gathering point and hosts a variety of cultural events throughout the year. Just a short walk away is the famous Manneken Pis statue, a symbol of Brussels' quirky sense of humor and independent spirit.

Brussels is also renowned for its contributions to the world of art and architecture. The city was a hub for the Art Nouveau movement, led by architects like Victor Horta, whose designs can still be admired in various parts of the city. Museums such as the Magritte Museum and the Royal Museums of Fine Arts of Belgium showcase the country's rich artistic heritage, from surrealism to classical painting.

Culinary delights are another cornerstone of Brussels' appeal. The city is world-famous for its waffles, chocolate, and beer, each of which reflects the high quality and craftsmanship for which Belgian cuisine is known. Traditional dishes like moules-frites (mussels and fries) and stoofvlees (beef stew) can be enjoyed at countless bistros and cafes. Brussels is also home to a lively street food scene and a growing number of innovative restaurants that fuse global flavors with Belgian ingredients.

In addition to its cultural and culinary richness, Brussels is a green city, offering numerous parks and open spaces. The Parc du Cinquantenaire and Bois de la Cambre provide peaceful retreats from the urban hustle. Whether you're exploring medieval alleys, attending a global conference, or sampling artisanal chocolates, Brussels offers a dynamic experience that reflects both its historic past and cosmopolitan present.
