About Venue:

Bangkok, Thailand's capital and city that never sleeps, is a trendy mash-up of diverse cultures and religions. Temples and monasteries coexist peacefully here close to towering skyscrapers. Street bazaars and floating markets compete with luxury shopping malls and purchase centers. Thailand is the 12th largest country in Asia, with a total size of over 198,000 square miles and a population of 67.9 million. The majority of foreign visitors to the country travel to Bangkok, one of the world's top tourist destinations. Thailand experiences both the summer and winter monsoons due to its location between substantial areas of land and water. The typical temperature in Thailand ranges from 18 to 38 degrees Celsius. In Thailand, cancer is the top cause of death, and mortality is rising. Therefore, it would be essential to adhere to and share any future study into the treatment of cancer field in order to recommend advancements. [\(click here for more\)](#)

Past Event Report

About Past Event:

The 5th World Congress on Global Healthcare and Medicine, held from November 17–18, 2025, in the vibrant city of Paris, France, and the 5th International Webinar on Global Healthcare and Medicine, conducted virtually on November 24–25, 2025 (GMT+1), were both successfully concluded with remarkable participation and academic excellence. These two prestigious events brought together a global community of healthcare professionals, clinicians, researchers, academicians, policymakers, and industry experts to exchange insights and innovations shaping the future of global healthcare.

Guided by the theme “**Revolutionizing the Future Strategies for Healthcare Research,**” both the onsite congress and the virtual webinar featured enriching scientific sessions, including keynote lectures, panel discussions, oral and poster presentations, workshops, and collaborative forums. Participants explored groundbreaking studies and emerging trends in clinical practice, public health, medical technology, digital healthcare, and multidisciplinary research.

We were honored to host eminent speakers who shared their expertise on key healthcare challenges and advancements. The active engagement, enthusiasm, and meaningful contributions of all attendees greatly enriched the discussions and strengthened the collaborative spirit of these events. We extend our sincere appreciation to all speakers, participants, sponsors, and organizing committee members. Your dedication and support played a vital role in making both the congress and the webinar highly impactful platforms for global knowledge exchange. [\(click here for more\)](#)

Feedback

Waqar Ali

Al Maarefa University, KSA

I presented my research at this Scientex conference for the first time. Initially, I was a little skeptical because I was not familiar with it, but honestly, it is a very good platform for doctors. I met various doctors from different countries and learned about many interesting research projects... [\(click here for more\)](#)

Raissa Drielle Costa Miranda
